Problem Labor Pains, Husband Working, No Phone; Run, Toby!

MIAMI, Fla. (AP)—It was 4 o'clock on a silent, foggy Thursday morning. Mrs. Tommy Coe had a problem.

She was having labor pains—seven minutes apart.

Her husband was gone with the family automobile, working as a night watchman at a tugboat towing firm nearly two miles away.

There was no telephone in the Coe house, only the couple's four small children and the family pooch, Toby.

Mrs. Coe quickly scribbled a note on the back of a scrap of paper, put it in an envelope and attached it to Toby's collar.

Minutes later the pooch—his mixed ancestors would have been proud of him—skipped into the boat yard where Coe was making his rounds.

Coe said he was angry at

270 Attend Event At W. Branch High

Rev. Jack Foster, minister of the Paradise United Church of Christ at New Buffalo and sociology instructor at Youngstown University, was the guest speaker when 270 persons gathered at West Branch High School Thursday evening for the annual Mahoning County 4-H Advisers Recognition Banquet.

"In Defense of Youth" was the theme of the Rev. Mr. Foster's talk and he stressed that young people are what adults have made them, that they need and want worth-while responsibilities to accustom them to desirable working habits in their formative years.

William Moser, chairman of the 4-H council, was toastmaster, and guests were seated at long tables made festive with arrangements of white chrysanthemums and autumn leaves.

Mrs. Ray Oakley of Canfield, led the group singing following the dinner, with Mrs. Donald Donaldson of North Jackson as accompanist.

New council members elected at this time to serve the 1964 through 1966 term were Mrs. Raymond Sternagle of Ellsworth, Mrs. Ralph Robinette of Greenford, James Emerick of Coitsville and Howard Moff of New Buffalo.

Awards were presented by Robert Groves, Mahoning County 4-H extension agent.

No Clues Found In Safe-Crackings

Police Chief Martin B. Lutsch Jr. said no fresh leads into the two downtown jewelry store thefts Thursday have been turned up.

Meanwhile, the victims, Dean's Jewelers and the Daniel Smith jewelry store, continued their inventory into the total loss of cash, watches, rings and other items taken by the burglars. Dean's Jewelers suffered the greatest loss while that at Smith's was estimated to be light.

The two entries brings to four the number of safecrackings or attempted safecrackings in the immediate area in less than a month. On Oct. 11 the IGA Foodliner was victimized and thieves took an unreported amount of cash. Also in October a safe at the home of William Hilliard on N. Ellsworth, just outside the city limits, was broken into.

Senate Votes To Ban Yugoslavia, UAR Aid

WASHINGTON (AP) — Turning its back on the White House and on its own leaders, the Senate has voted to ban aid to Yugoslavia and the United Arab Republic.

Despite administration wishes for a free hand, the Senate Thursday nailed these prohibitions into the foreign aid authorization bill and approved another amendment to keep the lid on assistance to Indonesia.

For good measure, the Senate approved still another ban on aid—to nations whose fishing policies "violate freedom of the seas."

Administration forces clearly were reeling as the Senate

closed up shop after its first night session since taking over foreign aid a week ago Monday.

The slow and rocky road to passage of the \$3,742,365,000 measure is strewn with 47 additional amendments, aimed either at paring the authorization or restricting how the funds be used.

A voice vote brought home the amendment to deny President Kennedy any discretion to provide military or economic assistance to Communist Yugoslavia.

Administration forces plan to fight later to restore the President's discretion to provide most-favored-nation trade treatments for Yugoslavia and Poland, barred last year by Congress.

But Sen. William Proxmire, D-Wis., is ready with an amendment to cut off all aid to Yugoslavia except for some surplus food and for assistance to American schools, hospitals and libraries.

And Sen. Frank J. Lausche, D-Ohio, said he will offer an amendment to wipe out completely the President's discretion to aid any Communist country under any circumstance.

Under present law foreign aid cannot be given Yugoslavia, Poland and other Communist countries unless the President determines the assistance is vi-

tal to the security of the United States, the recipient is not controlled by the Kremlin and that the aid will promote the country's independence.

Thursday night's fight came on the amendment by Sen. Ernest Gruening, D-Alaska, to bar help to any nation which the President determines is engaging in or preparing for aggressive action against the United States or any country receiving U.S. assistance. Identical to a provision in the House-passed bill, it was approved 65-13.

Gruening and other sponsors made clear the amendment was aimed at the United Arab Republic, which has sent troops into Yemen.

The amendment prohibiting a resumption of now-suspended aid to Indonesia unless the President should determine it essential to the United States' national interest was adopted without a protest.

Earlier the Senate voted 57-29 to ban foreign aid to any nation that asserts fishing jurisdiction beyond limits recognized by the United States.

This move, sponsored by Sen. Thomas H. Kuchel, R-Calif., was aimed mainly at Ecuador, Chile and Peru, which have claimed jurisdiction 200 miles seaward. Kuchel said some American vessels have been seized and their crews fined and jailed.

Rocky Keeps Up Fast Pace

Driving for Win In Hampshire Primary

NASHUA, N.H. (AP) — Gov. Nelson A. Rockefeller continued today his all-out campaign to "get out and meet the people and discuss the issues" in the highly strategic New Hampshire primary.

His initial efforts as a formal candidate were hampered by driving rain. But he kept a fast-moving pace.

The New York governor's schedule contained visits to three industrial plants to meet workers and the opening in Concord of the first, official Rockefeller - for - president headquarters.

The governor, 55, announced Thursday at the New York capital in Albany his official candidacy for the Republican nomination for president.

He then plunged immediately into his campaign to win the New Hampshire presidential preference primary next March 10.

Sen. Barry Goldwater of Arizona was vacationing at an undisclosed hideaway but an aide in Washington said Rockefeller's announcement has not changed the conservative Republican senator's plans.

Goldwater has yet to announce if he will seek the GOP presidential nomination. He paid a brief visit—billed as non-political—to New Hampshire recently and said he would enter the state's primary if he decides to seek the nomination.

And there is talk in Washington that a white-haired lady from Maine may enter the New Hampshire GOP presidential primary. Sen. Margaret Chase Smith said Thursday she is considering entering some primaries to offer voters a "third choice" between Rockefeller and Goldwater.

That primary will be the first of the 1964 election campaigns and the winner will gain an important victory in the GOP com-

Takes Sting Out of Previous Party Loss

Douglas-Home Wins Seat In Commons by Big Margin

PERTH, Scotland (AP) — British Prime Minister Sir Alec Douglas-Home won a seat in the House of Commons today by a whopping 9,328-vote margin which he hoped would take some sting out of a bad Conservative party defeat in another special election.

Defeat of the prime minister in the safe Conservative district of Kinross and West Perthshire would have been unprecedented disaster for the Conservatives and would have plunged Britain into a government crisis.

Instead Douglas-Home's big victory was a psychological counter to his party's loss Thursday night, by another big margin, of the Commons seat for the district of Luton.

The Perthshire vote was: Douglas-Home, 14,147; Alastair Duncan Millar, Liberal, 4,819; Andrew Forrest, Laborite, 3,752; Arthur Donaldson, Scottish Nationalist, 1,801; Ian Smith, Independent, 78; William Rushton, Independent, 45; and Richard Wort, Independent, 23.

In a three-sided race in the 1959 general election, the Conservatives won the same district by a 12,000-vote margin. No one had expected them to come anywhere near that figure this time.

Thursdays night, by another big margin, of the Commons seat for the district of Luton.

The deal involves sale of about 4 million tons of surplus American wheat to the Soviet bloc. Negotiations have sputtered for three weeks because:

1. President Kennedy has attached a condition that the grain move on American-owned ships if available.

2. The Russians refuse to pay higher rates to American shipper when foreign vessels would transport the wheat cheaper.

A secret meeting between Undersecretary of State George W. Ball and the Soviet wheat delegation Wednesday may have helped improve the situation, administration sources indicated. But they stressed that no agreement has been reached yet.

The informants said the gap between American and foreign rates is gradually narrowing because world shipping rates are going up. There is still a considerable difference between the two, though, the sources said.

Khrushchev said Wednesday the deal may fall through because of the American shipping rates. He did not specify Thursday what new word he had received, but said: "If we bargain on the basis of equality without discrimination then we can agree."

Witness Places Dimer at Site Body Was Found

CANTON, Ohio (AP)—A witness at the Robert K. Dimer murder trial has testified he saw Dimer in a car April 3 or 4 in the Stark-Wayne County line area where the defendant's burning car with a body inside it was found nearly three weeks later.

Wellington Ketter, a farmer living near Dalton in Wayne County, positively identified Dimer Thursday in Stark County Common Pleas Court, where three judges are hearing the trial of Dimer on first-degree murder charges.

Dimer, 44, a former Canton mortgage investment broker, is accused of killing Howard F. Riddle, 54-year-old Akron fruit peddler whose body was found in Dimer's flaming car April 23 west of Massillon.

The state contends Riddle was killed in a manner to make it appear that Dimer had committed suicide so his beneficiaries could collect an estimated \$288,000 in insurance.

Ketter testified that he had gotten off the tractor he was operating on his farm when he saw a man sitting in a car parked at the berm of the county line road.

Farm Income Increase Cited

Freeman Speaks At Ohio Forum

COLUMBUS, Ohio (AP)—Secretary of Agriculture Orville L. Freeman, appearing in Ohio a second time in three weeks, said Thursday night he feels the Kennedy administration's rural programs have been gaining support among the farm populace.

"Here in Ohio," Freeman told a news conference, "I believe the figures show that the average per capita farm income has increased \$300 a year since 1960."

He was in Columbus to address an Ohio Food for Peace Forum at Ohio State University. On Oct. 22 he was in Columbus Grove, Putnam County, for the last of his series of "report and review" grass-roots meetings with farmers.

Those meetings, Freeman said, convinced him that the majority of farmers want a federal agricultural program; that the majority believe price supports are necessary, and that those opposing government controls represent a "small but militant minority."

Freeman lauded the Ohioans for arranging the one-day forum. He called the Food for Peace program one of the most important and promising ventures ever undertaken in international relations, and suggested a "products for peace" program.

Arms for Airlifted Divisions

\$277 Million U.S. Stockpile In Europe

WASHINGTON (AP) — The United States has \$277.5 million invested in tanks, artillery, trucks and other equipment stockpiled in Western Europe for Army divisions airlifted from this country.

The cost of that two-division stockpile was learned today by The Associated Press.

The 2nd Armored Division, flown to West Germany nearly three weeks ago in Exercise Big Lift, has been using about \$155 million of this gear in war games near the Iron Curtain.

After the maneuvers, the 2nd Armored will return the roughly 4,000 vehicles—tanks, armored personnel carriers, trucks, jeeps and other equipment — to depots west of the Rhine River.

Then the outfit will be flown back to its home base at Ft. Hood, Tex.

Enough heavy gear for an armored division and an infantry division was stockpiled in Germany and France during the Berlin crisis two years ago.

The stated purpose is to permit a swift reinforcement from the United States during a time of tension preceding a possible armed clash with the Russians and their satellites.

Information on the stockpile indicated that the 4th Infantry Division at Ft. Lewis, Wash., is ticketed for emergency service in Europe if needed.

A roundup on the cost of the "pre-position" equipment for two divisions and 10 supporting units showed: 2nd Armored Division—initial cost of equipment \$144,697,683 plus spares worth \$10,319,485 for an over-all total of \$155,017,168.

4th Infantry Division—equipment cost \$91,602,955; spares \$7,182,176 for a total of \$98,785,131.

Supporting units — equipment \$21.1 million, spares \$1.69 million; total \$22.79 million.

Also figures in is a basic load

McGuckin's ticket money; \$2, Chief McGuckin, sale of maps; \$1, to McGuskin, accident report; \$60, building permits; and \$173.13 inspection fees.

Authorities of 2 States Stymied By Floating Bar

NEW CUMBERLAND, W. Va. (AP)—Customers of a floating tavern anchored on the Ohio River between Hancock County, W. Va., and Jefferson County, Ohio, apparently can continue drinking—for a while anyway.

The tavern is on a boat called the Ft. Steuben Boat Club. Authorities from both states have been stymied in controlling the operation.

The boat is moored near the Ohio shoreline, but when an Ohio liquor official tried to check the operation, he was told the vessel was on the West Virginia side of the state border.

Jefferson County Sheriff George L. Huscroft has started an investigation to determine who has jurisdiction over the boat.

All the river on the West Virginia side of an arbitrarily set low water mark on the Ohio shore is in West Virginia. The location of the low water mark often has been questioned.

Jefferson County Sheriff George L. Huscroft said the boat has neither an Ohio liquor license nor a West Virginia beer license. Sale of whisky by the drink is illegal in West Virginia.

Western Allies Expect New Interference With Convoys

WASHINGTON (AP) — Despite their bitter protests, the Western Allies expect Russia to throw more roadblocks across the highway into Berlin.

This was reported Wednesday by authoritative sources after the Allies accused Moscow in a diplomatic note of arbitrary and unjustified action in delay-

ing an American Army convoy for 42 hours. The convoy was finally waved through Tuesday night.

Neither the protest nor the fact that the Americans eventually were allowed to proceed means that this gloomy chapter of U.S.-Soviet relations can be closed, authoritative sources warned. They said that top officials of the administration agree the West must expect similar or other harassments in and around Berlin.

This is the result of the first, hasty assessment of this latest Soviet attempt to make the United States, Britain and France accept Russia's rules on the autobahn, the highway connecting Berlin with the West. A more scientific evaluation will follow.

The aim will be to find the answer to this question: Why did the Soviets do what they did, first in October and now, less than a month later, again?

The 12-vehicle convoy with 24 drivers and co-drivers, carrying 20 "passengers" or troops, was held up at the Marienborn checkpoint on the western end of the autobahn. The Soviets first requested that the passengers dismount, then said they would be satisfied if the tailgates of some of the vehicles would be lowered. Both requests were refused.

The basis for this refusal is Western insistence that the Soviets can make a headcount of passengers by simply looking into the vehicles if the troops number less than 30. If there are more, Western convoy commanders have instructions to let their men dismount for a headcount.

Best Reason For Annual Session

Ohio's "little Hoover commission" is latest to put in a good word for annual sessions of the General Assembly.

Whenever this reform is proposed, the same thoughts follow in the natural course of events. The standard thoughts are these:

1. That a legislative body which met every year would be superior to one that met every other year. It would be twice as good because it would meet twice as often — that line of reasoning.

2. That legislators would be closer to current events in such areas as taxes and finance and therefore would be able to do a better job.

3. That more legislation could be considered at leisure instead of in haste and this would pull the rug from under lobbyists who traditionally wait until representatives and senators are tired and confused to give them the coup de grace.

4. That a more methodical procedure, such as meeting annually, would lend dignity to the Ohio General Assembly.

5. That a biennial schedule amounts to six months' work in every 24 months for legislators serving two-year terms and people are entitled to more work for the

GOOD PROJECT

The State Highway Department's plans, as announced yesterday, to improve the Route 45 Lisbon Road at the south edge of Salem is welcome news.

As projected by the department's office of location and design for contract letting next summer, the \$200,000 improvement calls for extensive widening of the much-traveled road in the vicinity of the Pennsylvania Railroad tracks and the entrance to the Atlantic & Pacific Supermarkets Company's \$3 million food processing plant, which is now under construction.

An important feature of the improvement, as planned by the state, will be the removal, by grading, of a hump or rise in the highway south of the tracks which some persons contend is a hazard to motorists who, approaching Salem, are unaware of the grade crossing ahead. Four persons were killed in 1962 at that crossing, where the state, incidentally, promised to install flasher arm gates but never has.

Perhaps the Lisbon Road widening will inspire the state to consider other much-needed highway improvements in the immediate Salem area, a section of the state that has been neglected for too long.

Purely Personal

Start each day with a smile. The morning mail brought a letter from Walter Buchanan of California, running for U.S. senator on an antimong platform. Rubber-stamped on the envelope was this: "Join Buchanan's War on Smog! Place a Rose on Your Antenna."

Having spent my life listening to teachers talk about education, I have reached this conclusion — that education is the sum total of knowledge gained catch-as-catch-can on a trial-and-error basis by hit-and-miss methods by weirdly assorted students under the supervision of in-and-out teachers.

If book-burners and censors make much more headway in this country there should be some golden opportunities for entrepreneurs in the hot-book business, a la Middle Ages.

There is no standard for the taste of good coffee, admittedly, but I have my own standard. The beverage must be readily identifiable as coffee. This eliminates beverages I can identify only as colored, hot liquids suggestive of roofing tar, motor boat bilge, burnt bread crusts, cistern residue, soluble plastic and surplus medical supplies.

I had the idea for Nicotines Nameless

"I forgot to ask you, Mr. The... you don't have any sisters-in-law, do you?"

money.
IT IS DOUBTFUL if these are valid arguments for annual sessions of the Legislature. It is doubtful if annual sessions would get rid of stalling, confusion, pressure, last-minute haste, lack of dignity, or the tendency of some legislators to slide through life with a minimum of effort.

There is one thing, however, that annual sessions almost certainly would do. They would make the state budget easier to understand and control. And in the same line of improvement, they would make the state's other problems easier to keep track of.

As it is, Ohioans become Legislature-conscious every other year. In between, they don't think about it. They aren't even aware that top lawmakers are busy the year-around with state affairs. Once the Legislature is out of sight it is out of mind until the next regular session.

THIS STOP-AND-GO consciousness of state lawmaking leaves everything to be desired.

It leaves all the image-making and nearly all the talking to the executive branch of the state government.

Aside from budget-making, public awareness of lawmaking is the best argument for annual sessions of the Ohio Legislature.

As it is, no one needs to be afraid of legislative reaction in off-years—and by the time the Legislature has convened again the hot issues may have cooled off.

Play It Safe

It's comfy to be warm during cold weather but it's foolhardy to use heating devices without making certain that they are in good condition and properly vented.

A blocked furnace flue sent three persons to a hospital in an Ohio town the other day, all victims of carbon monoxide fumes. It's a deadly gas that gives no warning. It's also emitted from faulty mufflers and tailpipes on automobiles.

One death at Lisbon, presumably from heating equipment, already is chalked up on county records but the next victim needn't be you if you'll take precautionary measures now.

One jack can lift a car, but it takes a lot to keep it up.

You can't feel sorry for people who do such a continual job of it on themselves.

Spot checks reveal I am not the only one who feels blue after Election Day. So many election outcomes prove there is no logic in many popular decisions — only emotionalism, rancor, malice, misinformation and ax-grinding. But it beats shooting it out, or grinning and bearing it, the alternatives to self-government.

It took the death of a dozen people to convince New York City officials something should be done about streets dead-ending at the East River. They didn't even know the warning lights had been broken for a long time at the point where a vehicle carrying the victims plunged into 30 feet of water.

A Man To Encourage

By VICTOR RIESEL

When President Kennedy speaks to the AFL-CIO convention in New York later this month, there will be in his audience a quiet, truly self-effacing visitor from Viet Nam—a man who, though unknown to the world, can swiftly stir Vietnamese workers and peasants into a militant war on the Communists.

Victor Riesel
The expected Vietnamese visitor is Tranquoc Buu. He is president of the Vietnamese Confederation of Christian Labor, Vietnam's biggest union organization. It has more than 300,000 members and is considered one of the most aggressive anti-Communist forces in the Orient.

Tranquoc Buu's movement is affiliated with the worldwide International Federation of Christian Trade Unions. Though little known in the United States, this global federation has 4.3 million members in 66 national organizations in 60 countries.

WITH HEADQUARTERS in Brussels, it is active in most of the Western Hemisphere except the United States. In our country it has a small office in Valley Cottage, N.Y., a community some 15 miles north of New York City.

Dear Ann Landers: Here's a cure for that friend of "Plain Folks" who has a habit of turning over the china and examining the silver to hunt for hallmarks.

A cousin of mine had a friend who did the same thing. Every one was annoyed with her. When the group met for luncheon one day, the snoopy woman proceeded to turn over the china plate, as usual.

The hostess had been warned about her. She pasted a piece of adhesive tape on the bottom of the plate with this message: "We Just Knew You'd Look!"

The woman turned three shades of red and has not been known to peek under a plate since that time.

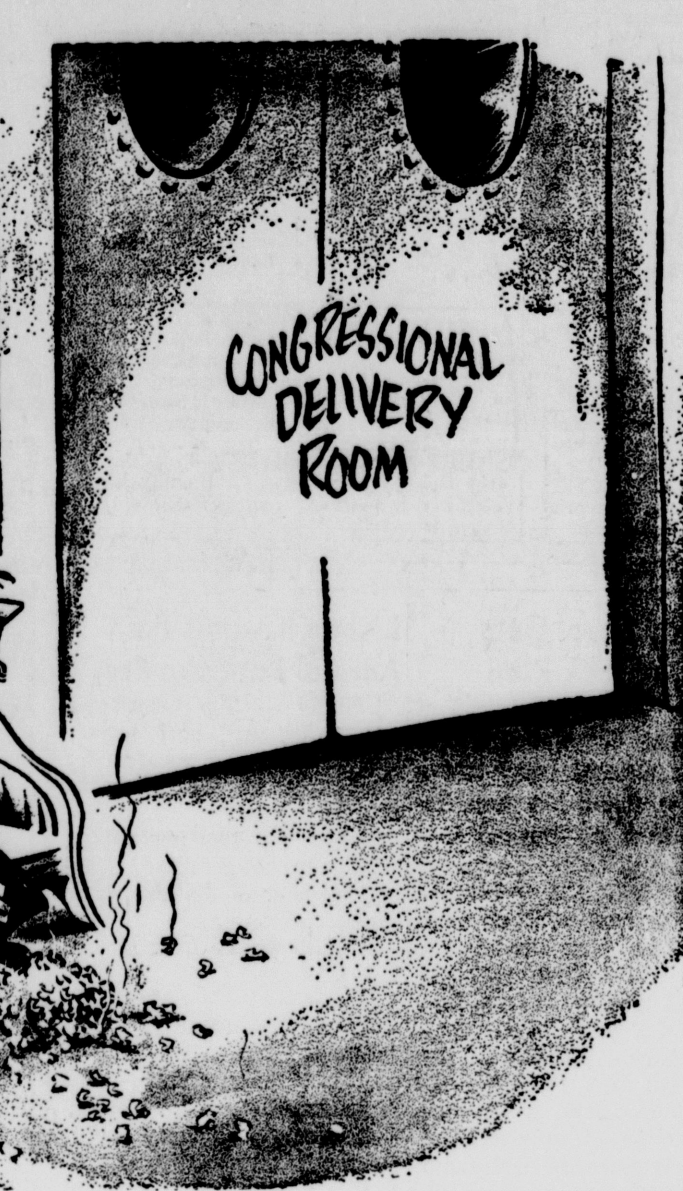

Print this, Ann. It may cure some other ill-mannered snoops of this petty habit. — H. M. W.

Dear H. M. W.: Here's your letter and I heartily endorse the gimmick.

Old, O'd Story

Dear Ann: Why is it that unless a girl gives in before marriage the fellow isn't interested? The story usually goes like this: "If you loved me you'd prove it. If you aren't willing to prove it you don't love me, so we'd better call it quits."

Still Waiting

Though originally a Catholic workers' organization, the Christian movement not too long ago opened its ranks to all workers who believe in God. Thus in Asia and Africa it became known as the "believers' movement" and soon included Moslem and Buddhist unionists as well.

Internationally, it is made up of more than trade unions. It now encompasses anti-Communist action groups as well as movements in exile which do not have any trade union functions.

Tranquoc Buu's labor movement was launched in Saigon back in 1947. By 1951 it was strong enough to be admitted to the Christian workers international. It helped fight the Communists, first under the French and then under the Diem regime.

MR. BUU ISN'T a Christian and 90 per cent of his followers are Buddhists. Because of the rocky condition of their country's economy, the federation's leaders put their organization in business to help prevent collapse of the industrial and commercial system. It sells huge quantities of coffee and the basic Vietnamese food ingredient "ouc Man" (a fish extract sauce).

The labor federation controls warehouses, acts as a contractor for housing construction and runs a large automobile insurance company.

Buu's strength also springs from a number of well-organized unions of plantation and transport workers — which the Viet Con would like to destroy. The railroad workers are also

in Buu's federation.

There is a feeling in American circles that the strengthening of Buu's position and authority would give the anti-Communist forces the psychological and political weapons needed to fight off the Viet Cong right out in the fields which become Communist strongholds at night.

BUU HAS BEEN strongly pro-American. It was exactly two years ago, for example, that the unwaveringly anti-Communist president of American labor, George Meany, dispatched Irving Brown, his world-hopping trouble-shooter to Viet Nam.

There had been a devastating flood. Brown, working with the CARE organization, wanted to distribute U.S. relief material right out in the countryside among workers and farmers bombarded with anti-American propaganda by day and Communist bullets by night.

Tranquoc Buu eagerly agreed to go into the fields so the people would know that the United States was supplying the relief. Just one helicopter was needed. Not only did the secret police reject a request for such airborne equipment but also insisted that the distribution be done quietly elsewhere. It finally was made alongside a dock near Saigon.

This was but one in a long series of frustrations. But Buu continued trying. He asked for permission to go to the United States in April, 1962. Again, the secret police said no. Now he finally is coming as a guest observer at the national labor convention. He is a man to cultivate and encourage.

ANSWERS YOUR PROBLEMS

I've been going with this man for several months. We are not teen-agers. Ann, I'm 39 and he is 42. I'm afraid if I refuse to go along with him he'll drop me.

Please don't tell me to stop seeing this man because I do love him. Furthermore, the next man will have the same ideas, since all men are alike when it comes to this. — FIGHTING AND LOSING.

Dear F and L: Sorry, Toots. A girl who gives away samples has no right to complain when the man decides he likes the merchandise.

Both you "kids" have been of marriageable age for quite some time. If he won't put the ring on your finger now he never will. Get with it.

Unruly Stepdaughter

Dear Ann: I've been a stepfather for three months and it seems as if I've had 300 years filled with problems.

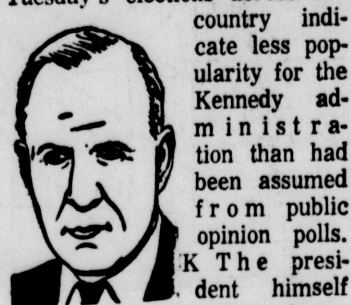

My wife admits Betty is spoiled rotten. She tried to make up to Betty for the divorce by catering to her. I needn't describe the results of such maneuvering.

The week after we were married, Betty smashed up my car and I blew my stack. My wife was furious because I lost

Post-Mortems

By DAVID LAWRENCE

No matter what the Democratic party spokesmen say publicly, they are fully aware that Tuesday's elections across the country indicate less popularity for the Kennedy administration than had been assumed from public opinion polls.

David Lawrence took a chance when he went to Philadelphia to campaign for the Democratic party's nominee for mayor. Maybe he saved Mayor Tate from defeat, but the fact remains that in 1955 the Democrats won by 132,000 majority and in 1959 by 210,000, whereas this week's majority is only about 61,000. Mr. Kennedy carried the city by 330,000 in 1960, and he needs at least 200,000 in Philadelphia in 1964 to overcome Republican majorities throughout the state.

Indiana showed a return to the Republican side in various cities that are usually Democratic. Republicans were elected as mayors in 62 cities in comparison with Democratic mayors in 49 cities. This contrasts with a previous ratio of 71 Democrats to 37 Republicans.

In New Jersey, the Republicans not only held their majority in the State Senate but picked up four more seats and also won a majority in the State Assembly, which had been Democratic.

In Kentucky, the Democrats won the gubernatorial race by only about 15,000 votes, as against Democratic majorities of 180,000 in 1959 and 128,000 in 1955.

So, on the face of it, the Democrats are in trouble in Pennsylvania, Kentucky, New Jersey and Indiana, whose combined electoral votes in the 1960 election amounted to 71. This is a sizable bloc by itself, but the state trends may emerge in other states.

President Franklin D. Roosevelt, whenever the elections in off years seemed to go against him, used to say this was due to "local issues" and "local" candidates.

This is to a large extent true today, but there can be no doubt that, in this week's election, local issues with national overtones did have much to do with most solid Negro vote was cast the outcome.

IN PHILADELPHIA, an al for the Democratic mayoralty nominee, as was also a large percentage of certain minority groups sympathetic to the President's stand on the "civil rights" issue but the over-all losses sustained by the Democrats due to resentment over the handling of racial questions undoubtedly reflected something more than a local condition.

In Kentucky, too, the racial issue was prominent in the voters' minds, as indicated by the agitation over an executive order issued recently by the in-

cumbent Democratic governor prohibiting racial discrimination in public accommodations.

Even in Boston, a five-member school board was re-elected which had refused to accede to demands of the local branch of the National Association for the Advancement of Colored People that alleged existence of racial imbalance in the schools be acknowledged.

One does not have to become involved in the civil rights controversy itself to recognize that there are deep-seated feelings involved and that party lines will be broken at the polling booths in 1964, too, as a result of the debate on racial questions.

NATIONALLY the national Democratic leaders, including the President, give the press statements of comment on the latest election to indicate that they are "satisfied" or that they made "gains."

They point, for instance, to a Democratic mayor being elected for the first time in Cincinnati, as well as a victory in Youngstown, and call it a "tide."

But the professional commentators do not erase the figures and the shifts that were noted throughout the country. For many months now the Democrats have been trying to create the impression that Mr. Kennedy would win in 1964 by a landslide.

The election returns this week, however, do not indicate any such tide running. In fact, there is evidence that the civil rights issue, as well as unemployment in scattered but important areas, has produced a voter discontent that cannot be brushed aside as irrelevant.

The Democratic national chairman, John M. Bailey, in his post-election statement insists that "Republican efforts to drag civil rights into the arena of partisan politics failed to bring them victory in the northern city of Philadelphia and in the border state of Kentucky. But politicians privately will agree that all is not well."

THEY KNOW an emotional issue doesn't disappear overnight and that there are enough manifestations of discontent in the electorate to cause considerable change in the voting trends next time in the Northern cities.

So the Philadelphia result will be examined and reexamined in the months to come to determine what really happened in the City of Brotherly Love.

One thing seems to have been overlooked perhaps. It is that the people of any city don't like to see a president of the United States coming to their community to tell them for whom they should vote in choosing a mayor.

Disapproval of this kind of intrusion has been voiced again and gain in the past when presidents have tried to interfere in local affairs.

The election this week was no exception and hence the narrow margin for the incumbent,

New Hampshire Primary Win For Goldwater Predicted

WASHINGTON (AP) — Sen. Barry Goldwater's top New Hampshire backer said today he thinks the conservative lawmaker will win that state's first-in-the-nation presidential primary despite the early campaign launched by Gov. Nelson A. Rockefeller.

Sen. Norris Cotton of New Hampshire said he looks for "a fine aggressive" Rockefeller campaign.

But the Goldwater lieutenant added:

"We don't want an early campaign. We want a campaign that steadily intensifies until the end. And I'm just optimistic to think that we can carry New Hampshire."

Goldwater, who tops polls in New Hampshire and across the nation on the 1964 Republican presidential nomination, stuck to the no-comment policy he has followed since Rockefeller declared himself a candidate Thursday.

The New York governor made his announcement in Albany, N.Y., then flew to New Hampshire for two days of campaigning.

"I know I am the underdog in the polls," he said in Nashua, N.H., "but if one comes into politics because of his belief in principles, then whether you are ahead or behind in the polls doesn't matter."

In New York, former Gov. Thomas E. Dewey said Rockefeller is the logical man to head the 1964 GOP ticket.

Dewey—who made two unsuccessful bids for the White House—said Rockefeller's leadership in New York make him the logical Republican candidate for president and I wish him every success.

Goldwater has not said whether he will seek the nomination. The Arizona senator has prom-

ised an announcement by Jan. 27.

And if he does become a candidate, Goldwater said in Concord, N.H., 10 days ago, he will enter the March 10 New Hampshire primary and campaign actively in the state.

A candidate's consent is not required to put his name on the ballot in New Hampshire.

Cotton, top name among Goldwater supporters in New Hampshire, said he always has believed Rockefeller would be "a very formidable candidate" in the primary. But he added "I feel that Sen. Goldwater will carry New Hampshire."

Cotton said a defeat in that primary could knock Rockefeller out of contention for the nomination. He said "it wouldn't be fatal" if Goldwater entered and lost.

Rockefeller himself said if he was defeated in New Hampshire "I'd be very sorry, but I'd keep right on campaigning in other primaries."

U.S., Russia Reach New Agreement

UNITED NATIONS, N. Y. (AP)—The United States and the Soviet Union have reached another agreement — on legal principles to govern exploration of outer space, diplomatic sources reported Thursday night.

Informants said the agreement would be submitted soon to the General Assembly's special political committee in the form of a declaration and resolution sponsored by all 28 members of the Committee on the Peaceful Uses of Outer Space.

Russia and the United States have tried for the past two years to draft an agreement to cover such matters as the rescue of astronauts and space vehicles that make emergency landings on foreign soil and liability for space vehicle accidents.

The informants did not detail contents of the agreement.

The United States and the Soviet Union agreed earlier to co-

operate in the use of outer space for weather observation and communications.

OLDEST PRISONER TALKS WITH WARDEN — Richard Honeck, 84, who has been in prison 64 years, talks with Warden Ross Randolph at Menard Penitentiary in Chester, Ill. Honeck, who had just emerged from a hearing with the Illinois Parole Board, went to prison in 1899 for murdering a former school teacher. His meeting with the parole board this week was the first real chance he has had for parole. A board member said: "I personally feel this old man should be able to spend the time he has left in freedom."

Parole

(Continued from Page One)

tence was approved last month for Schinagle, who had just turned 19 when arrested for strangling and beating pretty Cynthia Pfeil, 19, in a bizarre murder that began on the Ohio Wesleyan University campus in Delaware.

Schinagle's release was held up after Gov. James A. Rhodes' office heard and began checking reports that not all the members of the commission had been aware of the fact that Schinagle had been removed from honor status when they approved the parole.

The reports began circulating just a short time before Schinagle was to be released. In fact, Warden Ernie Maxwell already had the release papers.

Atty. Gen. William B. Saxbe, who first ordered the release delayed, said Schinagle allegedly misbehaved not long ago while working outside the prison as a trusty.

Saxbe said it was reported that Schinagle had been removing vases from a cemetery with the wife of a prison guard and that she introduced him to a woman whom Schinagle took home in a prison truck. It was for this that he was taken off honor status, Saxbe said.

Some commission members apparently knew of this when the parole was approved.

But after a review of the case, Rhodes ordered the release held up until it was certain that all members of the commission were acquainted with the facts.

Schinagle was a student at Ohio Wesleyan with aspirations for the ministry when he killed Cynthia, his girl friend, and dumped her body in woods near County.

Her face had been mutilated beyond recognition and all items of identification had been removed. She was wearing only a nightgown and a pair of red slippers.

petition for the right to challenge Democratic President Kennedy.

Rocketfeller entered the campaign a decided underdog. Goldwater is rated the favorite for New Hampshire's GOP convention support.

Rocketfeller conceded at several points Thursday that he was far behind but said he felt he could win with an intensive, personal campaign in which he would meet as many New Hampshire voters as possible and present his views to them.

At a news conference, Rocketfeller renewed his criticisms of Goldwater and charged Kennedy with failure in dealing with such key issues as the national economy and international communism.

Rocketfeller asserted he considered Goldwater "outside the main stream of American life" on such issues as foreign aid, social legislation, and the United Nations.

The Rev. Frank Hare of Lisbon RD was elected chairman of the Columbiana County 4-H Council at its quarterly meeting Thursday evening at the county extension offices in Lisbon.

He succeeds Gary Wilms of Columbiana, who was elected vice chairman. Mrs. Donald Thompson of East Liverpool was named secretary.

The council, which is elected by 4-H advisors, determines the policy of the 4-H program in the county.

"The financial 'hospitality' went so far that the movie maker even paid for the newsmen's cable and telephone charges run up sending stories—most of which the producer characterized as 'favorable'—back to their newspapers."

Fulbright is president of the Northwest Arkansas Times. He told a reporter later that he does not play an active role in the operation of the newspaper. Reached by telephone at Fayetteville, editor Ted R. Wylie said no representative of the newspaper was on the junket.

The Times quoted Kramer as saying, "During this junket we received an enormous amount of space in newspapers and there is much more to come in the papers and on television. These stories and interviews will build up audience anticipation so that it hits a peak as our movie opens in major cities."

"I don't understand what he (Fulbright) means," Kramer told The Associated Press. "There's nothing new about a What's he objecting to?"

"Is he hinting that I tried to color the reviews?"

"I have never under any circumstances been in any position to damage the dignity and the prestige of the press. I don't think I'm in a position to do so."

the 20th century that a British prime minister answer for the conduct of his government in the popularly elected Commons. Sir Alec told a news conference:

"Luton was the last page of the chapter and Kinross-West Perth was the first page of the new."

The prime minister predicted a victory for the Conservatives in the next general election, due to be held within the next year. Results of the Luton race, announced just before midnight, were a shock for the Conservatives.

The Labor party candidate, Will Howie, won the seat by a margin of 3,749 votes. He polled 21,108 votes to 17,359 for the Conservative, Sir John Fletcher-Cooke, 5,001 for Liberal Malvern Benjamin and 490 for Communist Anthony Chater.

In the 1959 general election, the Conservatives won the Luton seat by 5,000 votes in a straight fight with labor. They had expected to run behind this time, but not so far behind.

Ketler said he took down the license number of the car—the number that police later found on Domer's burned automobile.

Ketler said he notified authorities of the incident the day the burned car was found and later was shown a picture of Domer in the office of Asst. Prosecutor Richard Kauffman of Wayne County.

Man Is Charged With Mailing Bomb to Brother

CINCINNATI (AP) — Finger print and handwriting experts have entered into the questioning of a Middletown man, charged with mailing a radio, boobytrapped with dynamite, to his brother in Asheville, N. C.

The man charged is Courtney Cornwell, 33. The dynamite loaded radio was mailed from Middletown last Oct. 24 and was received by the brother, John Cornwell, 28, on Oct. 30.

He found the dynamite and detonator when he opened the back of the radio to try to find out why the knobs would not turn. The dynamite was set to explode when the radio would be plugged into an electric circuit.

Eugene Pinson, postal inspector here, said handwriting experts are comparing the writing on the package which contained the radio with that of the arrested man. A search also is being made for fingerprints.

Pinson said the dynamite was sufficient to have destroyed the five - apartment building where John Cornwell lived. He said it also had deteriorated to such an extent it might have exploded in handling on a railroad car or in a postoffice.

Postal inspectors also still are investigating what Pinson said are indications of a dispute between the two brothers in a "love triangle."

Holiday Sales Clerks Are Given Instruction Here

Eighteen potential women clerks to bolster the holiday sales force in Salem stores today completed a seven-hour "blitz" training program. The Retail Merchants Division of the Chamber of Commerce, the State Department of Education and the local Ohio State Employment Service office all participate in the program.

Dr. C. O. Mills, supervisor of adult distributive education with the Ohio Department of Education, instructed the two-day short course on essentials of retail selling, basic training for the impending Christmas store rush.

The women who finished the training are from Salem, Leetonia, Columbiana, Lisbon and other area places and were selected by the staff of OSES after a testing-screening program. This screening followed an October survey of 25 retail stores to determine their additional personnel needs this month and next.

Since the training was begun in 1955 as one of the first of its kind in the state, dozens of women have been instructed and received part-time employment.

The Doctor Says

By Dr. WAYNE G. BRANDSTADT
Health Questions, Answers

Q—When a woman is having the menopause, is there any danger in taking female hormones for a long period? I have been taking them for about 10 years and I still have hot flashes.

Dr. Brandstadt
In some women they persist long after the menopause

A—The cause of the hot flashes that often accompany the menopause is not definitely known. In some women they persist long after the menopause

Q—I am 67 years old. When I wake up in the morning I sometimes have pins and needles in my fingers and my finger joints feel stiff. After I get up, these symptoms go away but some pain remains in the finger joints. What causes this?

A—The sensation of pins and needles is due to continued pressure on a sensory nerve. The pressure temporarily deprives the nerve of its blood supply and the nerve "goes to sleep." When the pressure is relieved the returning blood supply causes the sensation in the tissues supplied by the nerve. The stiffness and pain are probably due to a mild arthritis. Most people who have reached 60 may have a joint disease in some degree.

Q—I am 50. For about three years I have been bothered with little sores on my scalp. They sometimes contain a little pus. Each one heals in about seven days, but new ones keep coming. What can I do for them?

A—The condition you describe is probably acne necrotica. It has no connection with the acne vulgaris of adolescence. It is not easy to rid, but the following treatment has helped many victims. Rub white ammoniated mercury ointment (10 per cent) in the scalp every second or third night and wash it out thoroughly in the morning. You should omit fatty foods and chocolate from your diet. If this does not clear up your condition, you should see a skin specialist.

Q—I recently entered the hospital and was given a D.N.C. What does this term mean?

A—What sounded to you like D.N.C. was a D and C. This is medical shorthand for dilatation and curettage, an operation in which your doctor dilates the uterine cervix and scrapes the uterine walls. This operation is done for a wide variety of reasons.

Forests, Park Unit To Meet Wednesday

The Columbiana County Forests and Parks Council will meet Wednesday at 8 p.m. in the county extension offices in Lisbon, according to Floyd Lower, secretary-treasurer.

Several matters are on the agenda.

Methodist Home Board Convenes

SEBRING — A meeting of the board of trustees of the proposed Cope Methodist Home to be erected here was held Wednesday at the First Methodist Church.

The finance committee reported that progress is being made on a request for \$500,000 through the conference advance special program of the Northeast Ohio conference of the Methodist Church. If the request is affirmed, the group will begin to raise the money in 1964-68.

A publicity committee was established, consisting of Rev. Bernard Lomas, chairman, Dr. Charles W. Hamilton and Mrs. W. V. McClave.

The resignation of Miss B. L. Miller of Sebring, president of the Royal China Co., was accepted. Larry Brown of Ravenna will replace her as a member of the board of trustees.

The policy and planning committee will meet Dec. 3 at the First Methodist Church in Alliance when plans, presented by the architects for screening, will be discussed.

Man Or Packrat?

By JOY STILLEY

NEW YORK (AP) — I'm not worried about whether I married a man or a mouse. What I'm wondering is if I married a man or a packrat.

My husband doesn't just bring home the bacon. He brings home everything else he can get his hands on, too. And once the stuff is on the premises he wants to keep it there.

If he had his way, nothing would ever be thrown out except orange peelings and coffee grounds. He is absolutely convinced everything else will come in handy some day.

All our friends have been briefed never to dispose of anything without first consulting him. In this way we have come into possession of such choice items as an old electric phonograph with no tubes, a metal bookcase with most of the shelves missing, and a massive solid oak headboard from someone's discarded bed.

I admit some of these odds and ends he collects have come

in handy in the past when he did a lot of building for our children. He once made a wagon out of nothing but scraps of lumber, wheels from old carriages and tricycles, and even rehabilitated bolts and nails. It held six kids. He looked pretty smug when he painted it with some red paint I had been urging him for years to throw away.

But with a son away in college and a daughter well past the dollhouse stage, I don't expect there will be heavy demand on his toy-building capacities from now on.

Still, it's impossible to get him to part with all the old apple crates, heavy chains, bed slats, sea shells and chipped flower pots he has collected.

We were taking a walk one evening and came across some large boxes discarded behind a store.

"What nice, big nails," murmured my companion. "Seems a shame not to salvage them." Whereupon he shed the jacket

I had just given him for his birthday and went to work prying the crates apart and hammering out the nails. He tied the nails in a handkerchief and we continued our walk.

It was only after we reached home that he discovered he'd left his jacket at the scene. We went back but it wasn't there. "Too bad about the jacket," I sympathized. "It might have come in handy."

Pittsburgh Favored Over Cleveland In NFL Sunday

Giants Get Scribe's Nod

Green Bay, Chicago Are Also Selections

NEW YORK (AP)—Pittsburgh is primed for an all-out effort against the Cleveland Browns Sunday before Pittsburgh's largest pro crowd, 55,000—and a Steeler victory would turn the Eastern Conference race of the National Football League into a wild scramble.

The lead changed hands seven times when they met Oct. 5 in Cleveland, where Frank Ryan thrilled 84,684 fans with three touchdown passes in the Browns' come-from-behind 35-23 victory.

Jimmy Brown is back in stride but Ryan has been shaky since the New York Giants climbed all over him. Unless Ryan gets back on the beam, the Steelers could upset the Browns.

The New York Giants, who took over second place last week, are favored to keep on rolling against a battered Philadelphia team. St. Louis, derailed by the Giants, is due to pick it up again against Washington.

The Western Conference leaders, the Green Bay Packers and Chicago Bears, are supposed to win handily, unless they spend too much time looking ahead to their Nov. 17 rematch at Wrigley Field. The Packers play Minnesota in Green Bay while the Bears meet Los Angeles in Chicago.

In other NFL Sunday action, it will be Detroit at Baltimore fighting for third place in the West and Dallas at San Francisco.

San Diego's powerful Chargers, with Tobin Rote clicking on all cylinders, play at Boston Sunday in a game that might be a preview of the American Football League title game.

Houston is at home to the New York Jets in the other Sunday game. Oakland plays at Kansas City Friday night and Denver is at Buffalo Saturday night.

Ten out of 11 got us even in the AFL for the season (14-12) and we're 40-15-1 in the NFL for a season total of 54-29-3.

Here goes again:

NFL
Pittsburgh 27, Cleveland 24—An upset. The Steelers led last time 21-21 going into the last period and being stopped on the 2 and the two-foot mark. Ed Brown moving the Steelers steadily and they should win if the defense can escape that second-half letdown.

New York 31, Philadelphia 21—Allie Sherman may have trouble getting the Giants up after two big games. But the Eagles are hurting.

Green Bay 27, Minnesota 14—Scrambling Fran Tarkenton seems to give Packer defense trouble but Green Bay is just too good. If it's tight, Vince Lombardi always can go to Jerry Kramer for a field goal.

Chicago 31, Los Angeles 10—Rams are improved but not that much. Bears' defense will clobber Roman Gabriel and Bill Wade will pick away at Rams with balanced ball control game.

St. Louis 21, Washington 17—Charlie Johnson will find Redskins' secondary a picnic after last week. Washington pass defense has yielded 19 TDs in eight games. Injuries to Bill Triplett and Joe Childress will hurt Cards' ground game.

Detroit 24, Baltimore 20—An upset for the Lions, who bowed to Colts 25-21 last month. Colts can't run and Lions murder passers.

Dallas 21, San Francisco 17—Could be trouble for the Cowboys with Jim Ray Smith and Lee Roy Jordan out of action. San Francisco offense mediocre despite Dallas' defensive weakness.

AFL
Kansas City 21, Oakland 10

SALEM SENIORS TO PLAY LAST GAME — When Salem takes on Geneva in the final game of the season at Reilly Stadium tonight, 4 seniors will be in uniform for the Quakers for the last time. Dan Dee swept four points from Sam Brown Dodge by rolling an 833-867-839—2,539 to take series honors in the American bracket.

Ron Shaffer posted the high individual series 180-195-197—572. Earl Grate chalked up the high game 219. Jim Spiker knocked down 205-180-182—567 pins. Louie Catlos had a 213 game and a 526 series.

Windram Florist took four points from Layden-Hammell, and Penn Grill fired an 867-786-811—2,464 series to defeat Purity Dairy, 4-0.

Windram Florists and Julian Electric are tied for second place with 21 wins. Penn Grill is next with 20.

PARKER CHEVROLET took four points from Robert Stamp Realtor in the National Division. The winners put together a 759-842-824—2,425 three-game set.

Eugene Zeigler fired the high individual series 197-152-192—541. Carl Morenz came in with a 201-161-168—530. Jack Detell fired the high game 218. He had a 503 series.

The high team series was rolled by Timberlanes 803-762-879—2,444 as it defeated Schlitz 3-1.

Zilavay Construction is in second place in the standings with 20 wins. Timberlanes follows with 19½ and Schlitz is next with 17.

POLINORI'S SPAGHETTI and Steak House swept a 3-1 victory from Buckeye League leader Zimmerman Rocketts, who now have only a two-point margin in the standings.

The winners rolled a 747-795-824—2,366 series to 769-748-809—2,346 for the losers.

Endres and Gross, with a new team this year, are climbing close to the top, while holding down third place. Deming No. 1, a unit of beginners in the loop, took four points from Superior Wallpaper.

Bears Face Unbeaten Texas Saturday

Baylor's Bridger Rates Trull Best Quarterback He's Seen

By BOB GREEN

Associated Press Sports Writer

Baylor football Coach John Bridger is an ebullient man who wants to tell the world about "my boy Trull." He does so at every opportunity.

And some of the comparisons he makes involving Baylor quarterback Don Trull are at once refreshing and a little awe-inspiring. Listen:

"My boy Trull," proclaims Bridger, "is the best quarterback I've ever seen anywhere or anytime or on any football field. And that goes for Baugh, O'Brien, Lujack, Graham, Unitas or even Tittle."

Which is rather rarified company. But Trull's credentials are

all in order. He leads the nation in passing and total offense. In six games he has a total of 1,491 yards and has completed 106 of 185 passes for 1,408 yards and 10 touchdowns.

Trull gets his chance to prove all this Saturday at Austin, Tex., when he leads the bulky Bears against unbeaten Texas, the nation's top-ranked college team.

The game looms as the top attraction on the national schedule and probably the last really big stumbling block on the Longhorns' path to the national championship. Their only other games are against Texas Christian, 3-2-1, and Texas A&M, 1-5-1.

The Bears are unranked, but have an impressive 5-1 mark, losing only to Oregon State. State. They've beaten Houston, Arkansas, Texas Tech, Texas A&M and TCU.

The Longhorns have won seven in a row, but the margin of victory in the last three totals only 13 points.

Each, of course, is unbeaten in the Southwest Conference and the winner probably will get the host spot in the Cotton Bowl. Baylor hasn't won the title in 40 years.

Most of the rest of the ranked teams also have their work cut game.

Rosburg Leads By 1 Stroke In Sinatra Golf Tournament

By CHARLES MAHER

Associated Press Sports Writer

PALM SPRINGS, Calif. (AP)—Bob Rosburg, who has made his last \$66,000 in golf without winning a single tournament, held a one-stroke lead over young Frank Beard today, going into the second round of the \$50,000 Frank Sinatra Invitation.

Rosburg, who scored his last PGA tournament victory nearly three years ago in the 1961 Bing Crosby National, didn't miss a putt on the first 14 holes and shot a four-under-par 67 in Thursday's opening round at Canyon Country Club.

Only 11 other players in the field of 150 bettered par on the two-year-old desert course. Rosburg took only 28 putts and scored birdies with four of them, the longest a 12-footer.

Beard, who turned professional only a year ago, had three birdie putts, one a 20-footer. He missed only two greens. Beard, 24, is a brother of Ralph Beard, a star basketball player at the University of Kentucky in the late 1940s.

Beard finished the round a stroke ahead of Bill Casper, Dave Hill, Dow Finsterwald, Tommy Bolt and Bobby Nichols. A stroke farther back, at 70, were Don Essig, Gene Littler, Terry Wilcox, Tommy Aaron and Ray Floyd.

Fourteen players, including 33-year-old Jimmy Demaret shot par 71s.

Browns Drill Defense For Pitt Passing Game

Johnson Back In Steelers' Uniform to Face Cleveland

CLEVELAND (AP)—The running game of the Pittsburgh Steelers will be a more important factor to the Cleveland Browns Sunday than in the Browns' 35-23 victory over the Steelers Oct. 5.

The addition of John Henry Johnson gives the Steelers a well-balanced attack. They also have Don Hoak, third in the National Football League rushing sandings with 498 yards in 158 carries for a 3.2 average.

Johnson, second to Green Bay's Jim Taylor in NFL rushing last year, has been hampered by injuries and didn't play in the first game with Cleveland.

Pittsburgh has a 4-3-1 record. The Browns are 7-1. Complementing the Steelers' running attack will be the passing of Ed Brown. His favorite targets are Buddy Dial and Red Mack. The Browns practiced defending against them Thursday, remembering Dial scored two

touchdowns in their earlier meeting. Bog Gain and Paul Wiggins of the Browns both will be ready for the Steelers. Gain has a sore neck and Wiggins has a back problem.

Mount Union Goes Against Ashland Next

ALLIANCE — Mount Union College's football "Hatchet Man" award, honoring the best defensive player in each game, seems to be working in reverse this season.

The aftereffects have been anything but pleasing for Coach Ken Wable, who takes his Raiders to Ashland for a night game Saturday.

Five Raiders have won outright or shared an award in seven games—and all have been injured.

Safety Mickey Kozub (Cleveland Rhodes), a standout against Capital, Wooster, and Hiram, is probably out for the last two games as a result of a shoulder separation.

Freshman linebacker Bruce Harris (Jackson) took honors in last week's 34-22 loss to Kent, making him a doubtful starter.

Senior linebacker Bob Hinchliffe (Leetonia) got past the opening Ohio Northern game, won it again mid-way through the season against Muskingum, and is just now recovering from a chipped ankle bone in that game.

The other winners—Cornerback Jeff Henry (Lisbon) and linebacker Dave Farkas (Pittsburgh, Pa.)—have come up with calcium deposits and a wide assortment of other ailments.

With Ashland's record 6-1, Mount (1-6) might well consider picking an "Opponent Hatchet Man" to change its luck.

Dayton Cage Coach Back In Hospital

DAYTON, Ohio (AP)—The University of Dayton's Tom Blackburn may have reached the end of his success-studded basketball coaching career.

The 55-year-old head coach of the Flyers, going into his 17th season, is in Miami Valley Hospital for the third time in two months.

Blackburn battled back from his two previous bouts with a chest condition, including exploratory surgery Sept. 27, to assume his duties as his 1963-64 squad began training last month.

But he weakened again, his voice nearly gone, and had to give it up Tuesday. He entered the hospital Thursday in what his physician called "a dehydrated condition."

He is expected to be released in three or four days.

Th. Rev. Charles L. Collins, U. of Dayton Athletic Department chairman, declined to say Thursday whether Blackburn will be tendered leave from his post. But Father Collins said Asst. Coach Don Donohoe will direct the Flyers in Blackburn's absence.

Blackburn, 56, has won national reputations with his Dayton teams, winners of 337 of 468 games and a perennial entry in New York's National Invitation Tournament. A highlight was the NIT championship in 1962 after several runner-up finishes.

Blackburn first entered the hospital in mid-September, being confined 10 days with what eventually was announced as pneumonia. He was called back in a few days afterward to explore the cause of complications, underwent the operation, and went home Oct. 9.

WORTHY OVERHEAD

OSU Coach Will Have Eye On Big 10 While Bucks Go Against Penn State

By FRIT HOWELL
Associated Press Sports Writer
COLUMBUS, Ohio (AP)—Always-cautious football coaches say they play games one at a time—but Ohio State's Woody Hayes will divide his attention among three contests Saturday.

Realizing he needs some outside aid to win the Big Ten title and a Rose Bowl bid, Woody will have his eye on the home-town battle between his Buckeyes and Penn State—and his ears on important happenings at Lafayette, Ind., and Champaign, Ill.

The scrap with the Nittany Lions is a non-conference event with no bearing on the league laurels. But Illinois and Michigan State, deadlocked at the top of the heap at 3-0-1 with the

Bucks, must turn back conference foes to stay in the race.

Michigan, 1-2-1 in the circuit after whumping Northwestern 15-7 last week, invades Illinois. If Michigan beats the Illini, a big hurdle is out of the Buckeye path.

Purdue, 2-2 in the loop with victories over Michigan and Iowa, is host to Michigan State's Spartans, and the Boilermakers could push aside the other Buckeye challenger.

Another Ohio hope rests of the fact the Illini and Spartans meet in the season's finale Nov. 23. If Ohio gets by Northwestern and Michigan in its final games, the Bucks could slip into the king row while the enemy duo is carving up each other.

Despite the fact this is a non-

loop fray, Hayes would like to win it. The Lions have triumphed twice in two starts against the Bucks, and they bring a 5-2 record to town for the 2 p.m. regionally televised kickoff.

A pair of unusual athletes will get a lot of attention. Tom Barrington of Lima is the hot Ohioan, while Gary Klingensmith is the Nittany standout. The latter is a left halfback, while Barrington is apt to pop up anywhere in the ball-toting corps.

In only two games, Barrington, a sophomore, has the third-best rushing total on the Ohio team, 153 yards in 31 carries. Klingensmith, a junior halfback, is completely deaf. He reads the quarterback's lips to get the play in the huddle, counts the cadence from mem-

ory to get the starting signal, and has been offside only once in his career.

U.S. Extends Recognition To Viet Nam

WASHINGTON (AP) — The United States hurried its recognition of South Viet Nam's new government on the urging of U.S. Ambassador Henry Cabot Lodge, officials said today.

Along with the recognition Thursday, U.S. officials immediately began considering resumption of foreign aid which had been throttled down in an effort to force the old Diem regime to ease its anti-Buddhist campaign.

Lodge urged a speed up in the U.S. recognition procedure primarily because of increased Communist operations against the provisional government which seized power last weekend, officials said.

The Saigon regime announced that Communist Viet Cong agents were infiltrating the capital city in an attempt to create disorder which could be blamed on the government changeover.

The United States followed Great Britain's lead in bestowing recognition to the new regime less than a week after the military coup that toppled President Ngo Dinh Diem.

Australia, Japan, Thailand and Malaysia also extended recognition.

High-ranking informants said Washington does not regard the provisional government as a military regime because it has included civilians within the Cabinet.

Dennison Risks Only Clean Slate (7-0) In State

League Races Feature Ohio College Grid Card Saturday

By FRITZ HOWELL
Associated Press Sports Writer
A big swing in the top spots of the Mid-American and Ohio conferences could hinge on Saturday's frays as the state's colleges offer an action-packed 26-game football program.

The big ones are at Huntington W. Va., with Bowling Green's defending champions invading pace - setting Marshall with the Mid-Am lead hanging in the balance; and Denison at Oberlin and Akron at Wittenberg with four of the five Ohio Conference leaders facing each other.

Back in 1957 Marshall won its first four games in the rugged Mid-American, then lost the last two for its only winning season in the loop. Today, with a 2-0-1 mark, the Thundering Herd is all alone at the peak, the Falcons holding second with 3-1-0.

Denison, the statewide leader with 7-0 and the lone clean-record team in the Ohio Conference, has beaten Oberlin nine straight times. But the Yeomen, after losing their first two—including a 52-0 jolt by Hiram—have won four in a row and could turn it, a giant-killing act against the Big Red. Oberlin has a 3-1 league record to tie Baldwin-Wallace for fourth.

Akron (5-1-0) is third and Wittenberg (5-0-1) is second, so the stage is set for the classic at Springfield. If Denison falls, the Zipper-Tiger winner takes the lead.

Miami, surprise winner over Bowling Green last week, entertains lowly Toledo, and Western Michigan invades Ohio University for Mid-American contests—with Miami and Ohio U. still having a chance at the crown.

Other Ohio Conference games send Wooster to Marietta, Hi-

ra to Kenyon, Muskingum to Capital and Otterbein to Ohio Wesleyan, the latter under the lights.

Unbeaten John Carroll (5-0-0) could wrap up the Presidents' Conference laurels by beating Thiel on the Pennsylvania grid. Also on the loop's slate are Bethany at Western Reserve and Case Tech at Wayne State.

The non-conference list is replete with good ones, headlined by Penn State at Ohio State, North Texas State at Cincinnati, Dayton at Wichita, Texas Western at Xavier (N) and Louisville at Kent State.

Also scheduled are Wabash at Heidelberg, Hillsdale at Ohio Northern, Central State at South Carolina State, Defiance at Anderson, Baldwin-Wallace at Geneva, Mount Union at Ashland (N), Adrian at Bluffton (N), Waynesburg at Findlay (N) and Alma at Wilmington (N).

Akron Central Grid Coach Drops Dead

AKRON, Ohio (AP) — Felix Latona, head football coach at Central High School here, was pronounced dead at St. Vincent Hospital Thursday shortly after he collapsed in the locker room at Old Forge Field.

He had turned over his team to Asst. Coach Fred Maligio after complaining of stomach pains near the end of a practice session in preparation for Central's game Saturday against Buchtel High School here.

Latona, 44, had been head coach at Central since 1948 and last year produced a team that tied with South High School for the Akron City League title.

He was a graduate of Garfield High School, where he won All-City honors as a fullback, and of Akron University.

Penguins Romp 26-7; Leshnock Gets 2 TD's

YOUNGSTOWN, Ohio (AP) — Youngstown University, on the strength of three long touchdown runs, beat Gustavus Adolphus of St. Peter, Minn., 26-7 Thursday night and put its football record at 4-3-1.

Phil Williams went 90 yards with a punt return and 53 yards from scrimmage for Penguin scores, and Bill Leshnock contributed TD jaunts of 1 and 56 yards.

OHIO VOTED FOR YOU TUESDAY

Voted for you in a big way. Voted to give you the physicists and chemists, mathematicians and metallurgists that you as a new or expanding Ohio industry will need. Voted to make possible 11 technical institutes capable of turning out 10,000 crack technicians a year. Voted to expand Ohio's supply of college-trained men and women to meet the growing needs of this growing industrial state.

You see, there's a new attitude in Ohio these days, a spirit that says "profit is not a dirty word." And one more proof was added to the growing body of evidence to this effect Tuesday. This was the day Ohio voted through a bond issue designating that \$175,000,000 be spent for classrooms and laboratories for Ohio's already excellent state-supported colleges and universities. This expanded school system, working under the guidance of Ohio's new Board of Regents, intends to be fully responsive to the needs of industry.

For instance, if you're involved with ion

engines and the more exotic aspects of this space-age economy, you can look to Ohio for the theoretical scientists who will push your company's future further star-ward. If, on the other hand, your profit comes from metals or plastics or foodstuffs, you'll be interested to know that Ohio will be graduating not just Ph.D.'s in astro-physics, but people who can turn willing and creative minds to practical and applied research. Trained people to meet the needs of industry. That's what we have in mind as a return on this \$175,000,000.

There are two good reasons: first, Ohio wants to be as attractive to new and expanding industry as the efforts of state government and the concerted action of its citizens can make it. Second, we're determined to give Ohioans marketable skills that will eliminate future unemployment crises before they happen. And this, of course, means less of a drain on the state (and eventually your corporate pocket-book) in terms of welfare handouts.

One more important point.

None of this \$175,000,000 will come from increased taxes. Ohio neither plans nor needs additional taxes. The \$175,000,000 is part of a \$250,000,000 bond issue supported by continuing a simple penny a pack tax on cigarettes sold in Ohio, a tax first voted into existence in 1955 for similar higher education capital improvement purposes. We think this kind of financing goes a long way toward creating a business climate in which you can make a profit.

You see, Ohio is gearing itself to become the Union's number one industrial state — a state sensitive to its people's wants, responsive to the problems of industry, and so confident about tomorrow that it's planning now for the needs of companies who will someday move or expand here.

Maybe you should be one of them.

THE COUNTRY DOCTOR—

SYMBOL OF AMERICAN STRENGTH

The country doctor: living American symbol of a time when an independent spirit was a man's chief strength. Today there may not be as many country doctors. But the spirit they symbolize is still a part of America.

That spirit lives in the professions, businesses and industries that serve you today—enterprises built and run by free and independent people. Businesses like your electric company, owned by investors—by people like you and your neighbors—who still prize their freedom and their individuality.

Yet some other people think that our federal government—rather than individuals—should own certain businesses. Investor-owned electric light and power companies—like us—are one of their chief targets. Our company was built and is run and owned by people who believe in individual effort. We believe we have served you well, and you have helped us grow by your support.

When you consider what our country has always stood for, can you see why anyone should want our federal government to do any job it doesn't have to do—such as owning and managing the electric light and power business? Isn't it best to leave that to individuals, like you, who believe individual effort is the quality that will always keep our nation strong?
